

# Quick Multiplication

(by 6, 7 & 8 times tables)

TransferReady.co.uk

Helping you get ready  
for the Transfer Test

$5 \times 8 = \underline{40}$

$8 \times 6 = \underline{48}$

$8 \times 9 = \underline{72}$

$7 \times 4 = \underline{28}$

$1 \times 8 = \underline{8}$

$7 \times 8 = \underline{56}$

$3 \times 6 = \underline{18}$

$8 \times 5 = \underline{40}$

$4 \times 8 = \underline{32}$

$12 \times 8 = \underline{96}$

$7 \times 1 = \underline{7}$

$6 \times 7 = \underline{42}$

$8 \times 2 = \underline{16}$

$11 \times 6 = \underline{66}$

$6 \times 7 = \underline{42}$

$2 \times 8 = \underline{16}$

$6 \times 5 = \underline{30}$

$8 \times 10 = \underline{80}$

$5 \times 7 = \underline{35}$

$11 \times 7 = \underline{77}$

$6 \times 2 = \underline{12}$

$8 \times 1 = \underline{8}$

$10 \times 8 = \underline{80}$

$7 \times 7 = \underline{49}$

$10 \times 7 = \underline{70}$

$6 \times 4 = \underline{24}$

$12 \times 6 = \underline{72}$

$9 \times 7 = \underline{63}$

$6 \times 8 = \underline{48}$

$1 \times 6 = \underline{6}$

$12 \times 7 = \underline{84}$

$7 \times 2 = \underline{14}$

$8 \times 8 = \underline{64}$

$2 \times 7 = \underline{14}$

$3 \times 8 = \underline{24}$

$9 \times 6 = \underline{54}$

$4 \times 7 = \underline{28}$

$7 \times 9 = \underline{63}$

$8 \times 7 = \underline{56}$

$4 \times 6 = \underline{24}$

$8 \times 3 = \underline{24}$

$6 \times 6 = \underline{36}$

$6 \times 10 = \underline{60}$

$6 \times 12 = \underline{72}$

$6 \times 3 = \underline{18}$

$8 \times 12 = \underline{96}$

$11 \times 8 = \underline{88}$

$7 \times 5 = \underline{35}$
